Little Axe Park On Bow River Opened

The grand opening of Lions-sponsored Little Axe Park took place on Sunday, July 20.

Showing the friendship that exists between Indian and White man, little Ronnie Seeley, son of Lion President Bob Seeley, and Randy McHugh, grandson of Indian Chief McHugh, stood hand in hand at the gateway to the park, while Lion Bob Seeley welcomed the huge crowd, estimated at about six hundred. He thanked all those who had contributed and whose efforts made the park possible. He then introduced guest speaker George Bell, M.L.A. who commended the Lions for their efforts, stressing that a park and picnic area was certainly a step in the right direction. He commented that since the advent of the motor car, people seemed to travel farther and farther in search of recreation and relaxation, when all the time we are missing out on the things we used to hold most dear, the gathering together of all our neighbors and friends in good comradeship at a picnic such as this, so close to our homes. At the close of his address, Mr. Bell cut the purple and gold ribbons from across the gateway, and declared the park open. Chief Clarence McHugh of the Blackfoot Indians was then introduced, and extended the appreciation of his people for honoring a great Indian Chief, in naming the park, "Little Axe."

A pot luck dinner was enjoyed and a ball tournament took place between the Arrowwood and Milo Clubs and the Blackfoot Indians, with the Arrowwood Club coming out victorious.

Free ice cream and soft drinks was the highlight of the day for the many children attending. Native tribal dances by the

Services Held For Arvin Anderson

Funeral services were held Friday afternoon in the Lethbridge LDS Stake House for W. Arvin Anderson, 19 year old son of Mr. and Mrs. William Anderson of Champion.

Elder Fred Puzey of the Champion Branch officiated and the singing was by a mixed group from the Lethbridge Wards with Mrs. Wanda McClain as soloist. Elder James Ellis of Champion and Elder Fred Smith of Vulcan spoke comforting words to the bereaved and the esteem held in the community for the deceased. Burial was in Archmount Memorial Gardens. Pallbearers were Herb Tindel, Arlen Smith, Stanley Howe, Ronald Rhodes, Keith Harris and Errol Smith.

Christensen Funeral Directors were in charge of arrangements.

Arvin was born in Lethbridge on November 16, 1939 and lived in the Barhill school district where he started school. He moved with the family to Furin in 1947 and to the farm at Champion in 1953 where he continued school until last year. He was active in Scouting and school activities.

He leaves to mourn his father, William and mother Anna Anderson and one brother, Wayne, also his grandmothers and aunts and uncles.

Blackfoot tribe bought the day to a close.

"Little Axe Park is situated along the shady banks of the Bow River, and affords a playground with swings and slides, a nice kitchen and picnic tables.

The Lions Club extends a hearty thank you to all those that made the opening day such a success and it is their wish that many will use the facilities provided and that in the years to come this will prove to be a popular picnic area.

Regular Meeting WWS Group

The July meeting of the WWS was held at the home of Mrs. Ed Hartung. Mrs. Charles Budd conducted the business session. The roll call was answered with a Bible verse containing the word fruit. Mrs. G. F. Wuerfel was welcomed to the society and also agreed to accept the position of secretary.

After the business meeting, Mr. and Mrs. Ron Ellison, missionaries from Fort Chipawyn, were introduced. Mr. Ellison showed slides and Mrs. Ellison told of the work they had carried on chiefly among the Indians in the north.

Many Events Sponsored

Vulcan Lions Busy With Summer Activities

At the regular meetings of the Vulcan Lions Club many matters of interest to the community were up for discussion.

The report of activities at the swimming pool revealed that a splendid attendance of children were taking swimming instruction. The annual water safety demonstration will be held on Saturday, July 26. On Sunday, July 27, there will be a swimming meet in the afternoon followed by an exhibition of diving in the evening.

On July 30, a Donkey Baseball game will follow a barbecue dinner which starts at 4:30 p.m. A professional in the art of barbequing meat has been engaged to oversee this and everyone is assured a treat of a lifetime.

Other events being sponsored by the local Lions Club include a Lions Golf Tournament at the Vulcan Golf and Country Club course on Sunday, July 27 and a Daredevil Motor Show on Aug. 9, and the Lionettes picnic being held at Little Bow Park on Wednesday, July 23.

The TB chest examinations sponsored in Vulcan by the Lions Club was successful in as much as they had appointments for 1600 people and over 1700 turned up to take the test.

Vulcan Golfers Win At Turner Valley Event

A grand total of 36 Vulcan golfers journeyed to Turner Valley on Sunday, July 20, to participate in that club's annual invitational tournament and ten of these managed to bring home prizes, which is a good average with the large turnout that attended the tourney.

Ray Wellman won the Men's Championship with an 18-hole score of 67 and in doing so tied the course record with a nine hole score of 31. Bob Willard won B Flight honors with Harris Matlock as runner-up. Tom Bogner topped the C Flight and Jack Metcalf and E. Hail Hits District Tuesday

Following several days of extremely hot weather, hail and rain struck the Vulcan district late Tuesday afternoon.

A hail storm, which came up from the southwest, started about six miles west and two miles north of Vulcan and travelled north-east before swinging almost straight east and following the course of Snake Creek.

Although information on the extent of damage to crops in the storm path is somewhat sketchy at the time of writing, it is understood that the path of the storm was about one to two miles wide. Gusty winds accompanied the hail and damage up to 100 percent is reported from many farms in the storm's path.

Heavy thunder and lightning accompanied the storm and in Vulcan several heavy showers of rain fell Tuesday afternoon and evening.

Aside from hail damage, crops in the County of Vulcan area are rated among the best in the province at the present time and prospects are excellent for a better than average crop. Moisture reserves are considered sufficient to carry the crop through to

Following this they answered questions from those present.

Mrs. E. Hartung assisted by Mrs. E. Deimert served a very tasty lunch. The next meeting is to be held at the home of Mrs. N. Lebsack.

Shower Honors August Bride-elect

A large group of friends gathered together July 16, in honor of Miss Geraldine McKay, whose marriage to Ron Northcott will take place Aug. 2. The occasion was a shower in the United Church parlors, which were tastefully decorated in pink and white wedding motif and bouquets of summer blooms.

A few well chosen songs started the evening's program and was followed by a skit portraying the couple's life in the near future.

Shirley White presented corsages to Geraldine, her mother, Mrs. Bruce McKay, and to Mrs. Charles Northcott, both of whom assisted in opening the presents. Mrs. Tom Houlton presented the gifts, which were wheeled in on an old-fashioned red school house.

Miss Linda McKay and Miss Shirley Northcott looked after the Guest Book.

Geraldine very graciously thanked all for the many beautiful presents.

A dainty lunch was served by Pauline White, Laura Houlton, Phyllis Erickson, Ruth Orchard, Viola Mensinger, Al Lucas and Olga Miller.

NEW GAS FIELD BIGGEST?

What looks like the most prolific gas producer ever drilled in Canada has been brought in by a four-company team in the Dick Lake field in central Alberta, says W. L. Dack in The Financial Post. The well had an open flow potential of around 280 million cu. ft. daily — almost as much as the current indicated through-pot rate in the Trans-Canada gas pipeline. Gas production came from one of the thickest payzone sections ever encountered in this country — 550 ft. of Devonian D3 reef. This was the third well drilled in the field and proves up at least four miles of productive acreage. The field is some 70 miles southwest of Edmonton.

More extensive testing operations are needed to more completely assess the potential, but principals in the project feel they have uncovered one of Canada's largest gas-fields. It may be second only to the big Pincher Creek gasfield far to the south.

a bouquet of pink rosebuds. Master Douglas Giles was ring-bearer. Ronald Miller of Hanna, was best man and the guests were ushered to their seats by Ross Giles and John Quast.

Mrs. Mona Thornton rendered two lovely solos. Reception for 95 guests was held at the IOOF Hall, where the toast to the bride was proposed by Lou Campbell, uncle of the groom. Toast to the bridesmaids was proposed by Ronald Miller.

Mr. and Mrs. Quast left on a wedding trip and upon their return will reside on the groom's ranch at Spondin, Alta.

The bride travelled in a blue-grey dressmaker suit with white hat and gloves and black patent shoes and bag. She wore a corsage of pink carnations.

Appointed Sheep Judge At Royal Winter Fair

B. H. A. McDONALD

B. H. A. McDonald, well known farmer and sheep breeder of the Alton district, has been named one of the three official sheep judges at the Royal Agricultural Winter Fair to be held in Toronto Nov. 14-22.

Of the three sheep judges named each year, one is an American and one from Eastern Canada, so Mr. McDonald's appointment means that he has been selected from the top shepherds of the west and will represent Western Canada.

As one of the three sheep judges, he will be judging the three breeds of sheep—North Country Cheviots, Corriedales and Hampshires—and the trophy classes for flocks, best ewe, best ram and best pen of lambs.

Mr. McDonald has been a consistent winner at the Royal Winter Fair with his entries in the sheep classes and his appointment as judge gives recognition of his knowledge and ability as a sheepman.

Light Damage At Fire In Bowling Alley

An estimate two to three hundred dollars damages was caused by a fire in the bowling alley building shortly after 10 p.m. Tuesday night.

The owner, Lew Ritland of Calgary, and a painter were in the building at the time and the fire occurred, when gasoline being poured into a gas lamp exploded. It is thought that the gas fumes were touched off by a gas stove that was in use at the time. The electricity was off, as the building has been unoccupied for the past several months.

Mr. Ritland turned in the alarm at the telephone office across the street and the fire department was on the job quickly. The blaze was confined to a hallway at the rear of the building and was soon extinguished.

Cows sold from \$12.00 to \$15.80 per cwt, and bulls reached \$18.40. Breeding bulls brought up to \$410. There was a good consignment of light and feeder hogs of top quality. The sale saw the trend continue of increased local buyers. In addition several new buyers from outside points were present with cattle going to Vancouver, Montreal, Idaho and other U.S. points.

Ten Cent Luxury

"Newspapers are getting to be a luxury," grumbled the visitor to Toronto on discovering that the paper for which he'd paid a nickel when last in the Queen City three years ago now cost him a dime.

Although the comment was clearly not meant to be taken too seriously, coming as it did from a young man who looked anything but impoverished, it was instructive just the same. How many Canadians, one wonders, would really think their daily or weekly newspaper dear at a dime?

Newspaper people know, of course, that the few cents per copy paid by the consumer doesn't come anywhere near covering the cost of production. Their mistake lies in assuming that this is far more generally understood than in fact it is.

A great many people do not realize that a newspaper is the one thing regularly sold at less than cost as a matter of deliberate policy. They are unaware of the fact that they can buy their newspaper for a dime or less only because of the income it derives from its advertisers; that they are, in effect, subsidized. And that without their advertising revenue, few, if any, newspapers could continue production.

But advertising revenue fluctuates. The volume of advertising depends on many factors, not the least of which is the buoyancy of business locally and nationally. And while a newspaper's advertising revenue can enable it to absorb rising costs over a period of several years, it cannot do so forever.

Publication of a newspaper is as much an economic proposition as any other enterprise requiring investment of money, time and a multitude of skills. And newspaper costs, along with those of every other business, have climbed steadily in recent years. Wages, newsprint, paper—the cost of these and other raw materials and services is vastly greater today than, say, five years ago. But the price per copy has remained unchanged.

Only in the past few months have newspapers in cities and towns across Canada begun to pass on to the reader a part of this huge increase in operating costs. Thanks to the advertising "cushion," the price increase that would otherwise have been inevitable several years ago is only now taking place.

And even at a dime, the newspaper is an incomparable bargain, an indispensable link with the community and world in which we live. Certainly few of us would find life quite the same without it.

—"Industry"

I am glad the eight-hour day had not been invented when I was a young man. I am wondering what would have happened to me by now, if fifty years ago some fluent talker had converted me to the theory of the eight hour day, and convinced me that it was not fair to my fellow workers to put forth my best efforts in my work. This country would not amount to as much as it does if the young men fifty years ago had been afraid that they might earn more than they were paid. —Thomas Alva Edison on his 73rd birthday.

Letters to the Editor

Chin, Alberta
July 13, 1958

To the Editor of The Advocate,

Dear Sir:

District four of the Alberta Women's Institutes will be sponsoring an International Day to be held in the Recreation Hall of St. Augustines Church in Lethbridge on Thursday, July 31, at 2 o'clock. Members of the Home Demonstration Clubs of the Home will be specially invited guests. With them will come Mrs. Robert Blackstone of Havre, who is president of the Montana clubs and Mrs. Lyle Johnson of Fort Benson, who is International chairman and will speak on "Pennies for Friendship." The Homemakers Clubs from Saskatchewan will also be invited.

Dr. Nancy Adams of Ethelton, Sask., past president of the Federated Women's Institutes of Canada will be guest speaker. Dr. Adams was born in England but was educated in Canada. She graduated in Arts from the University of Saskatchewan and this spring the U. of S. honored her with an honorary degree of doctor of laws.

For a short time after her graduation she taught high school, but soon married a progressive wheat farmer from Ethelton, Sask. Since this she has been a leader in many community enterprises, but her special interest is her 11 and 15 year old daughters.

She has progressively risen in the Homemakers Clubs in Saskatchewan from local to district, to provincial and then onto federated and from there to the Associated Country Women of the World, where she now holds the position of area vice-president.

Her talents have been used in other projects than the W.I. She has worked on the larger school unit at Kinistino on the Provincial Advisory Library Council and the National Council for Adult Education. She has also been a member of the royal commission on Agriculture and Rural Life.

Mrs. Adams will have something very worth while to present and the members of District Four take pleasure in extending an invitation to not only all members of the Alberta Women's Institutes but to all women who are interested in hearing Mrs. Adams a cordial invitation is extended.

Yours truly,
(Mrs. M. E.) Kemper.

GOING TOO FAR

Scheduled for the evenings entertainment aboard the ocean liner were an animal act and a magician. When the passengers had gathered, the magician stepped into the spot-light and caused a chair to float upward. A parrot, waiting for his act to go on, screeched, "Strings. He does it with strings." Undaunted, the magician went into his card tricks. "Aces up his sleeve. You call that an act?" yelled the parrot. The audience was shushing the bird just as the ship struck something and began to sink. Animals and people were hurried into lifeboats and saved. The waters closed over the ship as they rowed away. The parrot looked wildly about and screeched to the magician, "Okay wise guy, where didya put the ship?"

QUEENSTOWN

A new dumping ground has been excavated on the land where the old Queenstown school was situated, that is, off the road a bit from between W. Faggarts and Nels Nelsons. The other two dump grounds used prior to this have been levelled off and closed.

MAJORVILLE

Lee Francis is now doing business at the new store and although not yet fully stocked foods are now available. Fred Bertachy was the first to receive his mail from the new post office wicket. At present finishing touches are in progress on the living quarters and when these are completed the old building will be vacated. The fate of the old building is at present unknown.

Mr. and Mrs. Earl Stephenson of Oaklahoma City, Oaklahoma and Mr. and Mrs. Carl Johnson were recent visitors at the home of Mr. and Mrs. Alf Heather. Earl spent part of his early years in the district on the farm now occupied by Mr. and Mrs. Bob Deitz and attended the former Rocky Buttes School.

Mr. and Mrs. A. Vooyo of Calgary were visiting with their family during the week.

As it usually is the case, it would be easier to find out who did not attend the Calgary Stampede than find out who did. Among those who went for the parade were Mrs. Laura Sutherland, Mrs. Myrtle Monner, Mrs. Freda Prentice and Mr. and Mrs. Hugh Winch and family. While in the city Mr. and Mrs. Winch were guests of Mr. and Mrs. John Cardo of Forest Lawn.

Others attending later in the week included Mr. and Mrs. Bruce Henry, Bill Francis and Junior Bertachy, Mr. and Mrs. Bertachy were also in Calgary for a few days and attended the Aberdeen Angus show at the stampede.

Jo Ann Heather left during the week for Edmonton and will visit relatives there and later will go to Barrhead where she will stay for a while with her uncle and aunt, Mr. and Mrs. Walter Borschers.

Friends of Irene Kiemele will be sorry to learn she was a patient in Vulcan hospital during the week but is expected home shortly.

It's just as well that the latch string is always out at the home of Mrs. Prentice. On Friday evening some of her kinfolks arrived in the very late evening and as Mrs. Prentice was at the home of her daughter, Mrs. Jack Hunter of Ensign, they just made themselves at home. The unexpected guests were Mr. and Mrs. Bud Long en route home to Edmonton from a trip to British Columbia, accompanied by Mrs. Jenny Rosene of Kilowna and Mrs. Joe Simard of Vancouver, B.C. Mrs. Simard is here to visit her mother, Mrs. Mabel Hagg.

Mr. and Mrs. Bob Deitz left on

Friday for a day at the stampede in Calgary and expect to go on to Banff for a few days.

A severe electrical storm passed over the north of the district on Friday evening and brought some hail damage to crops in that area. The storm was accompanied with high winds and reports have it that the hail would not have been so damaging had the wind not been so high. Among those reporting some damage are Aubrey Gore, Harvey Godkin, Jack Sutherland. Gardens in the path of the storm were flattened. No definite estimate of damage has been made. The southern part of the district received at that time only a light shower, but Saturday and early Sunday about two-thirds of an inch of rain was recorded in the south part; so except for hay that is cut ready for the bailer, the rains are welcome.

Mr. and Mrs. Bill Kiemele were visitors during the week at the home of their son-in-law and daughter, Mr. and Mrs. Paul Ost, Jr., of Lomond.

Mr. and Mrs. Alf Heather accompanied by Mr. and Mrs. Far Stephenson of Oaklahoma City attended the Calgary stampede on Thursday.

En route home to Niagara Falls, Ont., from a trip to British Columbia, Mr. and Mrs. John Near visited with the former's aunt, Mrs. Will Francis on Friday.

Alvin Winch attended the Scouts Jamboree in Banff during the past week.

In the absence of the president, Margaret Ost, the meeting was called to order by the vice-president, Janet Skeith. There were 14 members answering the roll call with an apron donation.

The business meeting was one of the shortest we've had this year. It was reported that the club had won second prize in their division of the sports day parade. During the business session it was suggested that "Hobo Teas" continue and a motion was made that members must go dressed as they are when called for. There was some discussion regarding a bazaar at some future date and plans were made towards that end. A "Thank-You" card was received from Mrs. Asseltine on her retirement from active membership in the club. Mrs. foreman thanked the members for her gift of fruit she received when in the hospital.

The meeting closed with the old-time song, "There's a Long, Long Trail A-Winding". The raffle was won by a visitor, Mrs. Robertson. Miss Doris Carrington was in charge of the program and gave an interesting guessing contest which was won by Mrs. Zuba. The hostess and her committee served a delicious lunch.

THE MONARCH'S CHURCH

Queen Elizabeth and King George VI had tears in their eyes and the King said, "We'd rather have Jesus too," when White Feather sang:

"I'd rather have Jesus than men's applause,
I'd rather be faithful to His dear cause;
I'd rather have Jesus than world-wide fame,
I'd rather be true to His Holy Name,
Than to be the king of a vast domain,
And be held in sin's dread sway;
I'd rather have Jesus than anything
The world affords today."

Canadian Auto Dare Devils Coming

For their 1958 season the Canadian Auto Dare Devils select Chevrolet trucks and cars. Why? That is a big question. . . . The management confidence in Chevrolet equipment, which they have used exclusively and selected from among the low price field during the last few months, has them singing Chevrolet's praises at every opportunity. During the 1958 season all over Canada from Halifax to Victoria, covering more than 25,000 miles, people across the provinces will see "Chevy Caravan."

These Dare Devil Drivers need good equipment and comparison proves Chevrolet for them. This is why, that, for their 1958 season they selected a GM product, purchasing fleet units of sedans, panel trucks and heavy task force Chevrolet trucks to haul the show equipment from city to city. The Dare Devils need good tractor, which must haul the heavy show equipment sometimes 300 or 500 miles over-night for the next evening's performance during the heavily-scheduled fair season and arrive on time. Chevrolet has done the job and the management proudly points that, "We never take a chance."

The Chevrolet convertible and sedans, are subjected to gruelling punishment on the race track in a series of hazardous stunts that include steeplechase racing on two wheels, the hi-ramp-to-ramp thriller — in addition to travelling over the road. Time and again, Chevrolet has proven its ruggedness, balance and quick response to acceleration to the complete satisfaction of the Canadian Auto Dare Devils Management. In making this coast to coast tour, the Canadian Auto Dare Devils proudly salute to a Golden Jubilee 1908 — 1958 Chevrolet.

"More people drive Chevrolet than any other car, why not you?"

Don't miss the thrill of your life . . . see the dare devils Saturday night, Aug. 9, at the Vulcan Ball Park. Showtime is scheduled for 8:45 p.m. under brilliant track lights.
